What's New for 2018?

Jennifer Chalsty Planetarium

This Planetarium is the largest and most technologically advanced planetarium in the Western Hemisphere. The 27-meter (88.6-foot) dome, coupled with the all-dome video and astronomical object database, provides an immersive environment in which to explore the Earth and Space and beyond! View astronomical objects and celestial phenomena from the surface of Earth, and then travel into space to truly understand these difficult concepts by flying up to, around, and through the objects. There are educational programs geared for all age groups from K-12.

Liberty Science Center's Live from Surgery Program

offers students a unique opportunity to peer into an operating room and interact with medical experts. This powerful learning experience exposes students to careers in biotechnology and medical science. During each Live From Surgery session, held in our Interactive Theater or 3D Science Theater, students will view a procedure occurring live, communicate virtually with the doctors,

and physically hold the instruments viewed on screen. Your group is free to explore the Science Center after the session. Our program also includes Meet the Surgeon sessions. During these sessions, a heart, neonatal or pediatric orthopedic surgeon will meet in-person with your students at the Science Center and present recorded footage from a procedure.

Hyatt House Jersey City Rooftop at Exchange Place

The Rooftop at Exchange Place bar and terrace starts the day with lunch daily, then transitions to a comfortable cocktail bar with friends, to "Happy Hour," to a pre-dinner drink, to a high energy nightspot "above the city." This rooftop bar with a retractable roof is redefining the rooftop bar genre. The views, the food, the cocktails, the service, and the design are Above It All – literally! The Hyatt House Jersey City opened in 2017 and offers spacious rooms and suites with 258 cozy guestrooms, including spacious suites. You'll soon discover the special touches that make Hyatt House hotels so comfortable.
